Clinical Education

# Basic System Training Curriculum

Philips CX50 and CX30 Ultrasound Systems

Our goal at Philips Healthcare is to provide the clinical education you need to make the most of your equipment investment. The aim of this comprehensive series is to provide the physician, sonographer, and echo cardiographers with a comprehensive library of courses at an exceptional value.

We are pleased to offer three NEW e-learning modules focusing on the Philips CX50 and CX30 Ultrasound Systems.

In today's healthcare climate, it is critical to use your ultrasound system to its fullest potential. Philips courses are designed to educate customers on the leading edge technologies specific to each system and application.

These ASRT-accredited modules are self-paced tutorials consisting of enlightening content and colorful images. There are no prerequisites for these courses. You may register for an individual module or register for an entire curriculum. ***Click here to register for the entire curriculum*** (all three modules).
